THE MIS-EDUCATION OF THE NEGRO AND STOLEN LEGACY

Lushena Books. Paperback. Book Condition: New. Paperback. 304 pages. Dimensions: 9.0in. x 6.0in. x 0.7in. Originally released in 1933, *The Mis-Education of the Negro* continues to resonate today, raising questions that readers are still trying to answer. The impact of slavery on the Black psyche is explored and questions are raised about our education system, such as what and who African Americans are educated for, the difference between education and training, and which of these African Americans are receiving. Woodson provides solutions to these challenges, but these require more study, discipline, and an Afrocentric worldview. This new edition contains a biographical profile of the author, a new introduction, and study questions. Challenging the notion that civilization started in Greece, this uncompromising classic attempts to prove that the true authors of Greek philosophy were not Greeks but Egyptians. The text asserts that the praise and honor blindly given to the Greeks for centuries rightfully belong to the people of Africa, and argues that the theft of this great African legacy led to the erroneous world opinion that the African continent has made no contribution to civilization. Quoting such celebrated Greek scholars as Herodotus, Hippocrates, Aristotle, Thales, and Pythagoras, who admit to the influence of Egyptian studies in their work, this edition sheds new light on traditional philosophical and historical thought. Originally published in 1954, this book features a new introduction. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
